GREETINGS FROM THE CHANCELLOR

Dear Graduates:

Congratulations on your graduation! While you have done the hard work, this is also a day for your family, friends and faculty members to celebrate.

The University was established in 1946 as a center offering evening classes to serve veterans returning from World War II. Over our short history, we've grown to become North Carolina's urban research university with more than 30,000 students. While we are still young, we have a rich history of making the dream of higher education a reality for students, in North Carolina and beyond. Our many accomplishments have been made possible by the extraordinary students, exceptional faculty and staff, dedicated alumni, generous friends and strong leaders who helped us move forward.

You are earning a degree from a University on the rise. Great things are happening at Charlotte. We are thrilled that we've achieved a position as one of the nation's top 100 public universities in the 2024 *U.S. News & World Report* Best College rankings, at No. 96. Further, Charlotte is one of the fastest rising national universities, moving up 41 spots in the rankings. It's exciting to see Charlotte recognized for the work we're doing to help students of all backgrounds succeed.

With record research expenditures, our University is on track to reach our goal as a globally recognized top-tier research university, further broadening our impact on our region and state. And further increasing our national reach, this past summer, our 49ers athletics made a transformational move to the American Athletic Conference.

What is happening – collectively and simultaneously – is happening only at Charlotte. You should be proud of the degree you have earned from UNC Charlotte, as it provides you with much more than career opportunities. Throughout your time at Charlotte, you have grown intellectually, emotionally and socially through lively classroom discussions, campus activities and internships. You have had opportunities to interact with individuals from other cultures and to engage in the greater Charlotte community.

I speak for the UNC Charlotte Board of Trustees, faculty, staff, alumni and friends when I offer congratulations, and tell you that we are proud of your accomplishments. Thank you for letting us be a part of this significant journey in your life.

You are now beginning a new relationship with the University as a proud member of the UNC Charlotte Alumni Association, more than 171,000 strong, across the globe. Use this network, get involved and stay engaged. May your Niner pride grow stronger as the years go by, and may you continue to cherish the friendships and memories you made on campus. Most importantly, always remember that wherever you go, you are a 49er!

Sincerely,

Sharon L. Gaber
Chancellor

UNC CHARLOTTE BOARD OF TRUSTEES

Dennis N. Bunker III, Chair

Dennis N. Bunker III '81, a native of Salisbury, North Carolina, began his commercial real estate career in 1981 after graduating from UNC Charlotte with a Bachelor of Arts in Economics. His early work in the industry consisted of self-investing in real estate, general brokerage and construction. Since 1991, his company, Bunker Land Group, has actively engaged in the development and investment of commercial real estate and provided site selection services for development and investment partners and clients. Property types include multi-family, single-family, retail, mini-storage, hotel, industrial and mixed-use.

Bunker is an advocate for continuing his education in the industry and has attained the prestigious professional designations of Certified Commercial Investment Member (CCIM) and MAI-appraiser, along with a Master of Science in Real Estate Development from Columbia University.

Bunker previously served as President of our Alumni Association, the University Foundation Board, and was inducted into the Charlotte Alumni Hall of Fame in 2012. He was appointed to the UNC Charlotte Board of Trustees in 2017 and has held the roles of secretary (2019-21), vice chair (2021-23), and chair (2023-current).

The UNC Charlotte Board of Trustees also includes Dontá L. Wilson '97, Vice Chair; Christine P. Katziff, Secretary; John A. Bailey '94; Geoffrey D. Gray; Wendy J. Grubbs '83; J. Brett Keeter '99; Hugh L. McColl, Jr.; Lawrence J. Shaheen, Jr.; Michael J. Smith; Sasha J. Weintraub; Teross W. Young, Jr. '93; and Tife Olusesi, Student Body President.

The current University logo was adopted in August of 2021 and captures the trailblazing spirit of UNC Charlotte: a strong and powerful institution, boldly charging into the future, much like the city we call home. The centerpiece is a distinctive mark called the “All-In C” that places the classic 49ers’ gold-mining pick inside a collegiate-inspired “C” with beveled corners. It is an icon that represents the power to break new ground, the persistence to discover the unknown and the promise to build the future. The 9-degree forward tilt illustrates the brand’s positive energy and forward momentum. The new University mark, along with the 2020 athletics mark, was designed by Todd Aldridge '92, a distinguished alumnus of UNC Charlotte’s College of Arts + Architecture and president of the Alumni Association Board of Directors.

UNC CHARLOTTE BELL

The UNC Charlotte Bell, which for many years hung in the belfry of the old Elizabeth School at East Fifth Street and Travis Avenue in Charlotte, was given to Charlotte College in 1963 to be rung on ceremonial occasions.

It has been rung on special occasions including March 2, 1965, when Charlotte College became the fourth branch of the University of North Carolina System and on August 11, 2010, to celebrate clearing the final hurdle to field UNC Charlotte's football team.

COMMENCEMENT BELL RINGERS

The ringing of the UNC Charlotte Bell at Commencement is an honorable tradition that recognizes an outstanding student leader who has demonstrated exemplary 49er spirit.

The student leaders chosen to ring the bell for the Commencement ceremonies are **Morgan N. Owings** (Friday morning), **Nicole E. Westlake** (Friday afternoon), and **Jayesh Jain** (Saturday morning)

TURNING OF THE TASSEL

In earlier times, universities awarded each graduate a hood signifying their academic station. Over the years, the hood for undergraduates has been replaced by a tassel. Tradition requires that before graduation the tassel is worn on the right hand side of the cap. After graduation, as a symbol of a new degree holder, the tassel is worn on the left.

Ra'Quan A. Leary, Senior Class President, will lead the undergraduate candidates in the turning of the tassel.

BONNIE E. CONE, OUR FOUNDER

(1907-2003)

Bonnie E. Cone, the founder of UNC Charlotte, served the institution from its earliest days in 1946. Beginning as a teacher that year, she became director of the Charlotte Center of the University of North Carolina in 1947. She persuaded the legislature to keep the institution alive in 1949 when it was scheduled to close, resulting in the establishment of Charlotte College, which she served as president. The College became a four-year, state-supported institution in 1963. Cone was given her greatest acclaim for leading the successful campaign to convert Charlotte College into The University of North Carolina at Charlotte in 1965. She then served as vice chancellor for student affairs until her official retirement. Cone died March 8, 2003. In spring 2004, she was interred in Van Landingham Glen on the campus she loved and to which she dedicated her life.

EXPLANATION OF HONORS PROGRAMS, MERIT SCHOLARS AND ACADEMIC DISTINCTION

Honors: The Honors College at UNC Charlotte provides students robust experiences crossing academic, cultural, community and personal contexts, including undergraduate research, engagement with cultural variety, and the creation of community within the University and across the Charlotte metropolitan area. The College supports students as they become agents of their own vision, developing intellectually, culturally and civically.

In all aspects of the Honors College experience, faculty, staff and students embody:

- Intellectual curiosity and growth
- Collaboration and mutual investment in excellence as scholar citizens
- Diversity, inclusion and equitable access
- Integrity and trustworthiness
- Treating all with dignity and respect

University Honors Program: Directly administered by the Honors College, the University Honors Program (UHP) is the oldest and largest multi-year honors program at UNC Charlotte, welcoming students from any major. As an interdisciplinary honors program, UHP encourages students to integrate learning from multiple academic disciplines with their own lived experiences, creating new knowledge that is more than just the sum of its parts. Our students put their learning into practice through electing an annual Honors Core Experience such as an internship, undergraduate research, community service or study abroad. To graduate with University Honors, a student must: complete all program requirements, including 20 hours of honors coursework; maintain a 3.0 cumulative grade point average and a 3.2 grade point average in honors courses; and receive a grade of "A" on the honors capstone thesis or project.

Department/College Honors: To graduate with honors recognition in a department or college honors program, a student will be recommended by the program's honors committee if they meet the grade point averages required (i.e., cumulative, in the department/college, and in honors courses), as well as complete the following:

- All required honors courses
- An honors capstone thesis or project, and receive an "A" for that course
- Any additional requirements specified by the program

Dual Honors: Students must complete requirements for a department or college honors program in addition to the requirements and coursework for either the University Honors Program or the Business Honors Program.

Merit Scholarships: Albert Scholars, Freeman Scholars, Johnson Scholars, Levine Scholars and Martin Scholars are recipients of major four-year merit scholarships funded by University donors. Students participate in programming that fosters intellectual, social and civic engagement and must continue to meet all scholarship conditions.

<https://levinescholars.charlotte.edu>, <https://honorscollege.charlotte.edu/about-us/merit-scholarships>

Graduation with Honors: Honors and merit scholars receive a notation on their transcript and a certificate. Honors and merit scholars' graduation regalia includes custom-designed medallions and stoles denoting the honors and merit scholar programs.

Graduation with Academic Distinction: Undergraduate degrees are awarded *Summa Cum Laude* when the graduate's cumulative grade point average is 3.9 to 4.0, *Magna Cum Laude* when the grade point average is 3.7 or above but less than 3.9 and *Cum Laude* when the grade point average is 3.4 or above but less than 3.7. To be eligible to graduate with academic distinction, a student must earn a grade point average computed on at least 48 semester hours of credit completed in residence at UNC Charlotte. Honor cord colors are green/white for *Summa Cum Laude* graduates, white for *Magna Cum Laude* graduates, and green for *Cum Laude* graduates.

All notations for honors are based upon student achievements as of the preceding term and are tentative. Final determination of graduation with honors or with distinction is made upon completion of the student's final term.

DEAN W. COLVARD, FIRST CHANCELLOR

(1913-2007)

In April 1966, Dr. Dean W. Colvard became the first chancellor of The University of North Carolina at Charlotte. During his 12-year tenure, he presided over a period of rapid campus growth and development. Under his leadership, the institution was organized into colleges; residence halls were built, graduate work was initiated and long-range planning started. His accomplishments included helping to create the University Research Park and the University's Urban Institute, whose mission is to seek solutions to the social, economic and environmental challenges facing Charlotte and its urban communities. Colvard joined the University from the presidency of Mississippi State University, and he also served as a dean at North Carolina State University. Following his retirement in December 1978, Colvard helped complete Charlotte's Discovery Place Museum and was the founding board chair of the North Carolina School of Science and Mathematics. He also wrote books about his experience at NC State, Mississippi State and UNC Charlotte. In 2001, Colvard received the UNC Charlotte Alumni Association's Alumnus by Choice Award, and in 2004, he received the Echo Foundation's Award Against Indifference. Colvard died in June 2007.

GREETINGS FROM THE GRADUATING CLASS

L. ALEXA COUPET BACHELOR OF SCIENCE COMPUTER SCIENCE

Ladies and gentlemen, esteemed faculty, friends, family and most importantly, the 2023 graduates of UNC Charlotte:

Thank you for joining us today to celebrate this momentous occasion. My name is Alexa Coupet, and I stand before you not just as a graduate of UNC Charlotte but as a representative of a resilient and diverse community. I hail from Haiti, and today, I proudly represent computer science majors as well as the diverse community of learners we have here today.

Let's set the stage for a narrative of hope and action. In a world filled with challenges, it is our duty as graduates to embrace both the optimism of hope and the transformative power of action.

My journey through UNC Charlotte has been a tapestry of challenges and triumphs. From the vibrant classrooms to the late-night coding sessions, each step has shaped me as both a learner and an ever-growing member of my community.

As an international student, the challenges of adapting to a new culture and facing academic rigors have been profound. Sacrifices were made, but they were investments in a brighter future. Today, I stand here not just as a graduate but as a testament to the power of hope fueled by action. The sleepless nights, the determination to understand complex codes – these were actions that turned aspirations into accomplishments.

But my story is just one thread in the tapestry of our graduating class. Look around at the incredible individuals sitting beside you – each with their unique journeys and achievements. Our success is not solitary; it's a reflection of the collaborative spirit that defines UNC Charlotte.

Let's remember the times we faced challenges together, supporting one another through late nights at Atkins. These shared experiences exemplify the hope we found in each other and the actions we took as a united force. As we stand at the beginning of a new chapter, let's recognize the vast potential and opportunities awaiting us. The pursuit of knowledge doesn't end today; it's a lifelong journey. Continue to learn, adapt and take action to shape a future where your aspirations are realized. Through our collective actions, we can overcome challenges, making the world a better place for generations to come.

Before I conclude, let me express my deepest gratitude to the professors, staff and fellow students who have helped me along this journey. And to my family, whose unwavering support and sacrifices have been the foundation of my journey, I owe you a debt of gratitude that words can hardly express.

As we step into the unknown, let's embrace hope and let our actions be a beacon of inspiration for others. Class of 2023, may our journey be marked not only by the challenges we've conquered but by the hope we've nurtured and the actions we've taken to shape a future filled with promise. Congratulations, and may our paths be paved with hope and illuminated by actions.

Thank you.

E.K. FRETWELL, U.S. HIGHER EDUCATION LEADER (1923-2012)

Dr. E.K. Fretwell used his national higher education leadership to gain recognition for UNC Charlotte. He became the University's second chancellor in January 1979 after serving as president of State University of New York College at Buffalo, and before that as assistant commissioner for higher education of the New York State Education Department. During his career, he led some of America's most prominent higher education associations - president of the American Association for Higher Education, president of the American Association of State Colleges and Universities, chair of the American Council on Education, and chair of the Council on Postsecondary Accreditation. In addition, Fretwell was named one of the 100 most effective chancellors and university presidents in the United States in a national study. After retiring in 1989, he served as interim president of the five-campus University of Massachusetts, authored several books on university management, and consulted on higher education around the country and the world. He was awarded an Honorary Doctor of Public Service degree during UNC Charlotte's spring 1998 Commencement ceremonies. In 2002, he received the UNC Charlotte Alumni Association's Alumnus by Choice Award. Fretwell died October 18, 2012.

JAMES H. WOODWARD, BUILDING FOR THE FUTURE

Dr. James H. Woodward became UNC Charlotte's third chancellor in 1989, immediately establishing himself as one of the leading executives of the Charlotte metropolitan region. A U.S. Air Force veteran, he worked in private industry and taught at North Carolina State University, the U.S. Air Force Academy, and the University of Alabama at Birmingham, where he was a senior vice president for academic affairs, prior to coming to UNC Charlotte. Under his leadership, UNC Charlotte launched ambitious plans for both physical and intellectual growth. Woodward built strong support among the region's corporate and political leaders, obtained approval to expand the University's mission to include doctoral programs, and raised the University to doctoral/research intensive status. He established UNC Charlotte Uptown to serve students in the central business district. An engineer, Woodward generated support to build the James H. Barnhardt Student Activity Center and the Irwin Belk Track and Field Center, obtained state funding for doubling the size of the J. Murrey Atkins Library, and was instrumental in garnering public support to pass a \$3.1 billion statewide bond referendum that enabled UNC Charlotte to construct or renovate nearly a dozen buildings. He retired in 2005. Woodward has received

numerous honors, including the naming of the science and technology building in 2005 as James H. and Martha H. Woodward Hall in recognition of his 16 years of service. In May 2011, UNC Charlotte awarded him an honorary degree, Doctor of Public Service. Woodward received the UNC Charlotte Alumni Association's Alumnus by Choice Award in 2012. In November 2017, he was awarded the North Carolina Award for Public Service, the highest award a civilian can receive from the Governor.

GREETINGS FROM THE GRADUATING CLASS

ZOE Z. KLEIN BACHELOR OF ARTS ELEMENTARY EDUCATION

Good afternoon:

My name is Zoe Zavarello Klein, and I am graduating from the Cato College of Education, majoring in elementary education with a minor in reading education.

I was so excited when I found out I had the opportunity to present this speech to you all today, not just because I get to say: “Hi, grandpa, hi, grandma! Thank you for everything. I love you so much!” But also because two years ago I was accepted into the University of North Carolina at Charlotte as a transfer student who had recently decided to return back to school after taking some time off from college five years prior. You could say my first attempt at college was not quite a success.

As I am sure most people in this room have felt at some point in their educational career, school is challenging. I personally struggled growing up and even into adulthood with academics.

But for me, everything kind of clicked when I had my first experience in an elementary school as an educator, specifically at the university’s lab school, Niner University Elementary.

I saw myself in the children I was lucky enough to work with, kids who did not believe in themselves and had yet to realize their full potential. I knew I was called to be a part of the team that helps change this mindset. I was eventually recruited by some of my amazing professors to apply to become a Mebane Scholar where I would be presented with opportunities to extend my teaching abilities in reading education.

This past September, the Cato College of Education named their building Mebane Hall after the Mebane Foundation who supported our work as scholars and made the contributions that created the Mebane Early Literacy Center. This center provides teacher candidates with the necessary skills to be impactful reading teachers.

A tremendous part of my successes while at UNC Charlotte is due to the incredible support system that this institution has provided through its professors, academic resources, and fantastic faculty and staff members.

But also because two years ago I made the decision to try again. I cannot count the number of times a day I say “try again” or “move on if it is too difficult and come back later” to my students and I emphasize the importance of failure. It is what leads us to success.

Although today marks the end of an exceptional achievement for us all, it is also the beginning of something new. I hope that as you all begin this new chapter, you give yourself grace and remember if it does not work out the first time, just try it again, and if it is too difficult, move on and come back later. From my experience, it seems to work out better the second time around anyway.

Congratulations to everyone who is walking across this stage today, and thank you to everyone who has provided support to someone graduating; we could not have done it without you.

THE UNIVERSITY NICKNAME - 49ERS

The "49ers" nickname was chosen in recognition of the importance of the year 1949 in the history of the University. UNC Charlotte, which began as an off-campus center of the University of North Carolina, would have died in 1949 had Bonnie Cone and her supporters not convinced the N.C. Legislature that Charlotte needed a permanent institution of higher learning. Charlotte College was established that year. It is fortuitous that the University campus is located on N.C. Highway 49 and that Charlotte has a rich gold mining history. A bronze statue of the 49er Gold Miner sits in the Cato College of Education and College of Health and Human Services Plaza. The statue recalls the region's history as a gold mining center and symbolizes the pioneering spirit and determination that has led to UNC Charlotte's dramatic growth.

The Commencement program is printed prior to administering final examinations. Therefore, the inclusion of names of degree candidates in the program is not certification that degree requirements have been satisfactorily completed.

GREETINGS FROM THE GRADUATING CLASS

TONI M. MASON MASTER OF ARTS COUNSELING

I'm Toni Mason, and it is my privilege to be up here today. I am graduating from the Clinical Mental Health Counseling program, and I am so grateful to have come to the end of my program. Mostly because I don't think I had another semester in me. While I know today is about our accomplishments, I would appreciate it if all the graduates would join me in standing and giving a round of applause for our faculty, staff, families and friends who have supported us along the way.

I had a professor in undergrad who once told me that graduate programs were more about endurance than anything else. He told me, "You stick it out long enough, they'll give you the degree." I knew that graduate school required exams, projects, dissertations, etcetera so I didn't quite understand what he was trying to say. Now that I have taken this journey, I see the wisdom he was trying to impart. Graduate school isn't just a test of your ability. It's a test of your commitment, your resilience and your courage. Not giving up is half the battle. I know that for many of us, the process of going back to school has been full of challenges. For some, it required moving to a new city or leaving the security of a former job. For

others, it meant learning how to balance this new commitment with family obligations or finding ways to afford this new venture. We all had to figure out how to navigate school and the chaos going on in the world in the midst of a pandemic. Going through all this at once took endurance and inner strength. Through all that, somehow we all made it here today in one piece and for that I think we should all be incredibly proud of ourselves.

I have realized what a community effort this all was. I could not have done this without my family who gave me their love, patience and money to support my dreams, or without my friends who offered assurances that I could do it when I was doubtful, and who were so understanding about all the events I missed while I was busy with school. I couldn't have done it without the amazing faculty, supervisors or classmates who challenged me to grow in ways I didn't know I could and who gave me grace and support when they could see I needed help. It wouldn't have been possible without university resources like the Center for Graduate Life & Learning or the amazing people at the Center for Counseling and Psychological Services or without my supervisor and colleagues at my graduate assistantship on campus.

At every turn, people were willing to offer kind words, guidance and helping hands. What I found to be true time and time again over the course of this experience is that none of us can exist in a bubble. We all need people to prosper and grow, not just in academia but in life. Not a single one of us who has gotten to this point has done it alone. That is why as we move on from this stage of our journey into the next, I challenge all of us to pay it forward by being that encouragement and helping hand for the next person. Be a supporting character in someone else's success story. Be the person who helps others realize the greatness they carry within. Because like us, they will need support along the way. I will leave you today with the best piece of advice I ever heard. My grandfather, Willie McPhail, lived until he was 101 years old and when asked about the key to living a good, long life he replied: "Work hard. Take care of your family. Help people whenever you can and when you can't, don't cause 'em no trouble."

Thank you.

HISTORY OF THE UNIVERSITY

UNC Charlotte was one of a generation of institutions founded in metropolitan areas following World War II. Created as the Charlotte Center, the institution opened on September 23, 1946. It offered evening classes to an initial class of 278 freshmen and sophomores in the facilities of Charlotte's Central High School. In 1949, the city's pioneering business and civic leaders, aware of the region's unmet need for a public institution of higher education, moved to have the

Charlotte Center taken over by the city school district and operated as Charlotte College, offering the first two years of college courses. By 1961, Charlotte College was experiencing rapid growth that resulted in the establishment of a campus of its own. In the same year, Charlotte College leaders moved its student population into the first two buildings, Kennedy and Macy, on what would become a 1,000-acre campus ten miles from downtown Charlotte. In 1963, the North Carolina legislature approved bills making Charlotte College a four-year, state-supported institution. In 1965, the legislature passed bills designating the College the University of North Carolina at Charlotte, the fourth campus of the consolidated state system. Expansion continued as the University began offering master's degrees in 1969. In 1992, UNC Charlotte received authorization for its first doctoral programs. UNC Charlotte is the state's urban research institution and the system's third largest public university with greater than 30,000 students enrolled.

**PHILIP L. DUBOIS
ENROLLMENT GROWTH AND ACADEMIC EXPANSION**

At the time of his retirement on June 30, 2020, Dr. Philip L. Dubois, UNC Charlotte's fourth chancellor, was the senior chancellor in the University of North Carolina system. He led the system's fastest-growing institution, directing a 43% growth in enrollment, an expansion of academic programs, implementation of diversity-related initiatives, growth in research funding and significant construction and renovation of campus facilities. Under Dubois' strategic direction, football was added to the University's athletics offerings in 2013, and he collaborated with elected officials and the Charlotte Area Transit System to make possible the construction of the light rail line from Center City Charlotte to the UNC Charlotte campus. He also took the University to new levels in fundraising, overseeing the largest private campaign in UNC Charlotte's history, which exceeded its \$200 million goal. Dubois' career in higher education spanned more than 40 years. Previously, he served as president of the University of Wyoming, provost and vice chancellor for academic affairs at UNC Charlotte and associate vice chancellor for academic programs at the University of California, Davis. Dubois has been recognized regionally and nationally as an expert in higher education, achieving many awards and accolades during his respected career. In 2020, Dubois was recognized by the American Council on Education with its Outstanding Mentor Award, by the UNC Charlotte Alumni Association with its Honorary Alumnus Award, and by North Carolina Governor Roy Cooper with The Order of the Long Leaf Pine, the state's highest civilian award.

CHANCELLOR SHARON L. GABER

Sharon L. Gaber, Ph.D., an academic with a background in city and regional planning, became the fifth chancellor of the University of North Carolina at Charlotte in July 2020. Since Gaber joined Charlotte, the University has embarked on “Shaping What’s Next,” a bold 10-year strategic plan that articulates a new vision as a globally recognized top-tier research university. During that time, the university has also seen a dramatic rise in its national profile, achieving a coveted position among the nation’s top 100 public universities, according to *U.S. News & World Report’s* Best Colleges 2024 rankings.

Deeply engaged in community and regional activities, she is a member of Charlotte’s Leading on Opportunity Council, the Charlotte Executive Leadership Council, Women Executives and the International Women’s Forum - Carolinas.

In 2022, Gaber received the Career Mastered Distinguished Leadership Award, and was named by *The Charlotte Business Journal* one of the top 10 leaders who will drive Charlotte’s next stage of growth. She also has been named to *Business North Carolina’s* Power List for three consecutive years and was designated by Education Dive as “one of five higher education leaders to watch in 2018 and beyond.”

At the national level, Gaber has served on multiple NCAA committees and is the first UNC System chancellor to serve as a member of Excelencia in Education’s Presidents for Latino Student Success.

A native of Southern California, Gaber earned an A.B. in Economics and Urban Studies from Occidental College, an M.P.L. in Urban Planning from the University of Southern California, and a Ph.D. in City and Regional Planning from Cornell University. She has written numerous articles and co-authored a book on planning research methods.

Prior to UNC Charlotte, Gaber served for five years as president of the University of Toledo. Previously, she served as provost and vice chancellor for academic affairs at the University of Arkansas, as an interim provost at Auburn University, and a faculty member and administrator at the University of Nebraska-Lincoln.

Officially the first woman to serve as chancellor of UNC Charlotte, Gaber follows the trail blazed by founding educator Bonnie Cone, who led the institution from 1946-66.

Dr. Gaber is the proud mother of three children: Allison, Peter, and Jen (dec.).
